Description

The 2026 LandRover RangeRover Evoque P250 S commands attention from the moment you engage. At its core lies a responsive 2.0L turbocharged inline4 engine paired with a smooth 9speed automatic transmission and standard allwheel drive, delivering a refined 246hp that balances spirited performance and everyday composure. The Evoque's signature LED headlights, complete with automatic leveling and high-beam assist, provide sharp, sophisticated illumination, while its rain-sensing wipers and power-folding heated mirrors blend seamless functionality with discreet elegance. Step inside to a world defined by intuitive technology and thoughtful comfort. The PiviPro infotainment system, displayed on an 11.4" touchscreen, works in unison with wireless AppleCarPlay and AndroidAuto, while the Meridian sound system envelops the cabin in crisp, immersive

audio—all standard. Drivers benefit from a configurable driver display, adaptive cruise control, lane-keeping assist, blind-spot assist, and emergency braking, plus a rear camera and parking aid that ensure both safety and convenience without compromising the clean, uncluttered interior aesthetic. The Evoque P250S continues the RangeRover tradition of sophisticated capability. Terrain Response™ 2, all-terrain progress control, hill-descent control, and low-traction launch are all standard, ensuring this compact SUV is more than handsome—it's confidently capable across diverse driving environments. Dualzone climate control, a heated steering wheel, remote engine start, and keyless entry further complement its upscale appeal, delivering a driving experience that's as refined in daily commutes as it is assured on weekend escapes.
