The 2026 Land Rover Defender 110 P400 X Dynamic SE is the quintessential adventure vehicle, blending its legendary off road prowess with sophisticated style and cutting edge standard technology. Powering this highly capable five door model is the potent 3.0 L Ingenium six cylinder engine with Mild Hybrid Electric Vehicle MHEV technology, delivering a forceful 395 horsepower and 406 lb ft of torque. This commanding output is managed by the 8 speed automatic transmission and the All Wheel Drive AWD system, which includes a standard Twin Speed Transfer Box for genuine high and low range gearing. The X Dynamic SE further enhances capability with Electronic Air Suspension, allowing

for adjustable ride height, and the full suite of Terrain Response modes to automatically optimize vehicle settings for any surface. The cabin is a digital masterclass in durable luxury and connectivity. The driver interface is defined by the impressive 11.4 inch Pivi Pro Touchscreen infotainment system, which includes fast, intuitive controls, connected navigation, and seamless integration of Wireless Apple CarPlay and Wireless Android Auto. The driver receives crucial information from the high resolution Interactive Driver Display digital cluster. The atmosphere of the interior is enhanced by Configurable Cabin Lighting and the standard presence of Alpine Lights, the signature small windows above the rear passenger area, adding brightness and a nod to its heritage. The X Dynamic SE trim makes a strong visual statement with its unique exterior accents, including a standard Black Contrast Roof and a Gloss Black finish on the grille bar and badging. Safety and ease of driving are standard and comprehensive. The Defender is equipped with Adaptive Cruise Control, 360 Degree Parking Aid with a 3D Surround Camera System for peerless maneuvering, Blind Spot Assist, and Keyless Entry. Further conveniences include a standard Heated Steering Wheel and Two Zone Automatic Climate Control. For ultimate off road confidence, standard features like Hill Descent Control HDC and the Twin Speed Transfer Box confirm the 2026 Defender 110 P400 X Dynamic SE as a supremely powerful, technologically advanced, and stylish luxury explorer.
