Grained leather seat facings - Cloud	N/A				

Description

Additional options included: Black Exterior Styling Pack Cold Climate Pack Meridian 3D Surround Sound System Cloud, Grained Leather Seat Trim The 2026 Range Rover Velar P340 Dynamic SE represents a significant performance leap over the base model, swapping the four-cylinder engine for a sophisticated 3.0L inline-six with Mild Hybrid (MHEV) technology. This powertrain delivers a smooth 335 horsepower and 354 lb-ft of torque, cutting the 0–100 km/h time to a brisk 6.3 seconds. Stepping inside the 2026 Velar is an exercise in serenity. The cabin is centered around the floating 11.4-inch curved glass Pivi Pro touchscreen, which has been updated to integrate almost all vehicle functions, including climate controls, to maintain a completely clean and button-free dashboard. For the Canadian market, the P340 Dynamic SE is exceptionally well-equipped for all seasons,

featuring a standard heated steering wheel, 14-way power-adjustable heated seats, and a sliding panoramic roof that keeps the minimalist interior bright and airy. The audio experience is handled by a 12-speaker Meridian™ system, perfectly tuned for the Velar's acoustically laminated glass. While it is often celebrated for its "fashion-first" design, the P340 Dynamic SE is a formidable performer in Canadian winters. It comes standard with Terrain Response® 2, which automatically monitors driving conditions to select the optimal chassis and powertrain settings for snow, gravel, or mud. The inclusion of Wade Sensing and a 3D Surround Camera provides drivers with the confidence to navigate flooded roads or tight urban parking garages with ease.
