SUV, blending a dramatic muscular stance with a masterclass in modern, "reductive" luxury. Engineered for the driver who refuses to compromise, the P400 powertrain utilizes a sophisticated 3.0L Twin-Turbocharged Inline-6 with Mild Hybrid (MHEV) technology. Delivering a commanding 395 hp, this powerhouse launches the vehicle from 0–100 km/h in a swift 5.6 seconds, while the standard Dynamic Air Suspension provides an exceptionally composed ride that reacts to the Canadian road every millisecond. Inside, the 2026 model offers a serene, high-tech sanctuary tailored for an active lifestyle. The focal point of the cabin is the stunning 13.1-inch floating curved glass Pivi Pro interface, which integrates seamlessly with the 13.7-inch Interactive Driver Display. From the premium Windsor leather 20-way climate seats to the light-filled cabin provided by the standard sliding panoramic roof, every detail is designed to elevate the driving experience.
